

Aged and Disabled Federal Poverty Level Program

This Federal Poverty Level program provides “no-share-of-cost” Medi-Cal to many seniors and persons with disabilities who otherwise would pay a share of cost under the Medi-Cal Medically Needy Program. Children may qualify under this program if they meet income guidelines and disability standards set forth by the Social Security Administration. Persons who are citizens or have satisfactory immigration status receive full scope benefits; persons without satisfactory immigration status receive emergency services only.

Income guidelines:

Aged and Disabled Federal Poverty Level Program	
Family Size	100% FPL
1	\$990
